CSVS President's Message

Dear colleagues,

Planning for our 39th Annual Meeting is well underway. We look forward to welcoming you to Banff which will be a stunning backdrop for the 2017 meeting.

The Executive continues to work hard to promote the interests of Canadian Vascular Surgery. I would like to bring to your attention the work of the Canadian Vascular Research Group led by the CSVS Research Committee Chair, Dr. Luc Dubois. This is an important initiative which has received the full support of the Executive. We encourage you to contact [Dr. Dubois](#) or the [CSVS](#) directly if you are interested in participating in research activities.

We would also like to thank Dr. Guiseppe Papia for his work on the Surgical Safety Guidelines developed by the Patient Safety Institute. The CSVS supports these guidelines and a link will soon be posted on the website.

The CSVS Executive will be seeking nominations for open positions for the 2017/2018 year. Please see the notice in this newsletter.
